

## Ambitious Azotel build rural broadband

**AZOTEL** has launched its first wireless internet service provider called **Azotel-BriskNet**. This offering is based on a joint network infrastructure involving **Hosting365**, **Motorola** and **Azotel**. **Azotel-BriskNet**, based in **Roscommon**, has ambitious plans to offer broadband to **95%** of the population in rural mid-west Ireland within the next three years. The service provider is currently delivering broadband in **Roscommon**, with plans to move into **Galway** and **Mayo** early in 2007. **Motorola's Wi4 Canopy** wireless broadband solution was first deployed in Ireland in 2002 in **Cork** and is now installed in 130 countries by 3200 wireless internet service providers.
