## Wireless Without Limits 2014

### Enabling Broadband Anywhere

Saturday, 9:40am Keynote Grand Ballroom D

Scott Alerding will be providing an in-depth analysis of the progress to date made by the WISP industry together with a global perspective on our opportunity to connect the unconnected.

### Making Network Management SIMPLer

Saturday, March 1st, 10:35am Grand Ballroom C

John O'Hare will be presenting some of the latest tools built into the SIMPLer system to help network operators manage multiple tasks and automation processes. Azotel helps network operators SIMPLify doing business. Check out our latest developments on [Azotel's New Features Index](#).

Azotel equips WISPs and ISPs with the technology and automated business processes required to build out commercially successful broadband networks - anywhere in the world. Azotel differentiates itself by offering a single platform, used across all operator departments: CRM, dispatch, installation, service provisioning, accounts, banking, help desk, network monitoring, inventory, plotting, marketing and management. This enables operators to focus on their business and its profit delivery.
